Customer convenience. Consistency of care.
Comprehensive service.

401 S Tennessee Street • McKinney, TX 75069 • 972-542-3324

Dr. Sam Patel is literally “Your Downtown McKinney Dentist.” Located on South Tennessee Street, his staff and he operate out of a building that has housed dental practices for over half a century. Dr. Patel comes from a long line of dentists and has been serving the McKinney community for more than four years. So what makes him truly unique?

Customer convenience

“The sign on the door says that our offices are open Monday through Thursday from 8:00 a.m. until 5:00 p.m. and on Fridays from 8:00 a.m. until 2:00 p.m.,” says Dr. Sam Patel. “However, one thing that sets us apart is that we cater to the unique scheduling needs of our patients. Some days we’re here bright and early at 7:00 a.m.; some days we stay until 7:00 p.m. It all depends on what our patients require.”

“I was seen the same day and had treatment completed. I feel great! Thanks Dr. Patel!” – Matt R.

Dr. Patel and staff not only cater to their patients’ schedules, but they also alleviate other inconveniences. Theirs is paperless office, where technology and one-on-one patient communication are the standard. By offering digital X-rays and intra-oral pictures, patients experience decreased radiation and a clearer understanding of their particular case by being able to follow along on an 8x10 monitor.

“My child fell at school and Dr. Patel and his staff saw my child the same day. They really put my mind at ease with their style of communication.” – Carol T.

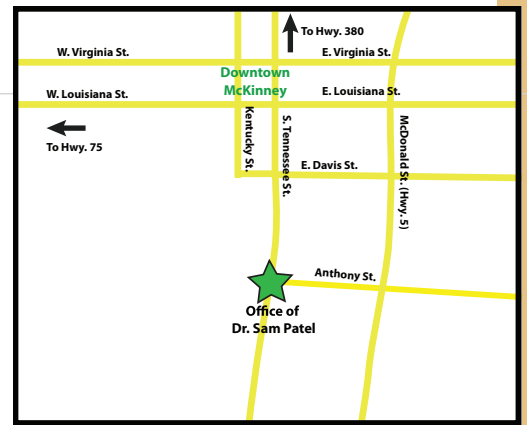

Consistency of care convenience

Dr. Patel has been practicing dentistry since 1997. His office is a one-dentist practice, which means that *every time* you receive dental treatment, you see only him. “Patient care is our number one priority,” declares Dr. Patel. “From 12 months old to 98 years old, we want to offer our valued patients a consistent experience every time they come in.”

Comprehensive service

In addition to preventative services, porcelain veneers, implants, and more, Dr. Patel also offers **full mouth rehabilitation** that identifies unknown problem areas. Based on his findings during diagnosis, Dr. Patel and his staff offer a comprehensive treatment plan to proactively fix any problems before they lead to more complicated health issues. By offering the majority of dental services on site, patients save time and headaches.

“I have a busy work schedule, so it was a relief to come to Dr. Patel’s office and get everything completed here.”
–John M.
